

MITCHELL TO KNOW FATE TODAY

WILL BE SENTENCED

Penalty for Crime of Aged Senator Will Be Imposed.

Immediately following Attorneys Will Appeal Case to United States Supreme Court Direct. Meantime Will Be Released on Bonds.

Portland, July 24.—Senator Mitchell, convicted of prostituting his office for private gain, will be sentenced in the federal court tomorrow. Immediately following the attorneys will appeal the case to the United States Supreme court direct. In the meantime Senator Mitchell will be released under \$2,000 bonds.

Portland, July 24.—When Judge De Haven convened the federal court this morning, Senator Mitchell, accompanied by his counsel, ex-Senator John M. Thurston, of Nebraska, appeared in the court, and the convicted senator's attorney presented a bill of exceptions which has been agreed upon by himself and District Attorney Heney. Upon this is based the appeal to the Supreme court of the United States, said Mr. Thurston, and the bill was allowed by Judge De Haven. Sentence will be pronounced at the opening of court tomorrow morning at 10 o'clock, when a bond for the appearance of Senator Mitchell, before the Supreme court at Washington D. C., in the fall, will be filed.

Ex-Senator Thurston asked the court what was desired in the way of a bond that the defendant might have it ready tomorrow morning. District Attorney Heney said it was a matter of indifference to him and Mr. Thurston suggested \$2,000, which was agreed to by Mr. Heney. Bonds will be filed in this sum tomorrow morning.

As the verdict of guilty brought in by the jury in the Mitchell case carried with it a recommendation for mercy, it is expected that the sentence of Judge De Haven, to be given tomorrow, will be light, and will probably be the minimum.

The maximum penalty is two years in prison and \$10,000 fine on each count. There are three counts on which the penalty can be imposed. The minimum could be as low as one day in jail and a fine of \$1, as there is no prescribed low limit.

CZAR SEEKING KAISER'S ADVICE

IS POPULAR BELIEF

Meeting Occurred Off the Swedish Coast Yesterday.

Germans Say Nicholas took Initiative and That He Merely Wishes Opinion or Emperor William on Russian Internal Situation.

Berlin, July 24.—The foreign office is advised that the meeting between Emperors William and Nicholas took place today off the Swedish coast near the island of Bjorkerke. The conversation was entirely personal.

The Associated Press is informed that, if asked, Emperor William will advocate peace and also the granting of reforms to conciliate the revolutionists. There is no truth in the report that the German emperor is effecting a combination of European powers to give moral support to Russia at the Russo-Japanese meeting.

The meeting of the two emperors took place at the initiative of Emperor Nicholas. The prevailing idea is that the Russian emperor desired an outside opinion from a ruler of his own rank on the internal situation in Russia. His invitation to Emperor William is regarded as being the result of friendship and confidence in him.

Although the meeting is considered as being of high importance for Russia, it can not signify and change in Germany's policies toward Japan or Russia. The German emperor went within easy distance of St. Petersburg because it would be impossible for Emperor Nicholas to leave his county and visit German waters.

SHOT MAN HE FOUND WITH WIFE HE LOST

Culprit Brings Interesting Social Question Before Court.

Brooklyn, July 24.—An interesting social question was raised in the Butler street court today. Has a man the right to prevent his wife meeting friends after he and she have been separated?

The case which brought this case out was that of Harry Cox, 21 years old, who was charged with felonious assault. The complainant against him was William Brady, who is an old friend of Mrs. Cox.

Cox and his wife have been separated for some months. Last night Cox found Mrs. Cox in the hallway of her home, and Brady was also there joking with her. Cox became jealous at once, and said that Brady had no business to be with his wife at such an hour. Brady dissented.

There was a fight and a minute later a pistol shot was heard. Brady was wounded in the leg, and Cox left, while his wife ran for a policeman.

Brady was removed to the Norwegian hospital, where it is said he is not seriously injured.

Magistrate Tighe held Cox in \$1,000 bail until Friday for examination. As far as could be learned the shooting did not reconcile Mr. and Mrs. Cox.

Washington, July 24.—The following telegraphic report from the commander of Fort Gibbon, Alaska, dated July 20, with reference to information that had reached the war department that the roads in the vicinity of Fairbanks, Alaska, were infested by robbers and the gold dust could not be safely transported, has been received by the military secretary.

"I was in Fairbanks and Chene July 20, and United States Marshal Perry and Judge Wyckersham were seen by me, and both thought that the highwaymen had been located. Since July 10 no word has been received regarding the matter. Captain Gray, of the steamer Tanana, a very reliable man, is just back from Fairbanks. He states that everything is quiet. Gold is conveyed over the highway by from twenty to thirty armed men. One or two single men had been robbed and one was killed, prior to July 10. I have detached twenty-one men and two officers for the repairing of the telegraph lines above Fairbanks, and they are in close call of the marshal if needed. He told me on the tenth that he anticipated no trouble and that one man was doing the robbing. There is no need of troops whatever. The telegraph line is down to Fairbanks."

Body of Admiral Transferred from Ship to Shore.

Simple Ceremonies Mark Occasion. Cortège is Great, Sailors, American and French Marines, Midshipmen and officers Participating.

Annapolis, July 24.—The body of John Paul Jones now rests on American soil, housed temporarily in an unpretentious vault in the center grounds of the naval academy and near the unfinished chapel in whose crypt later it is to find an honored repose, as a perpetual inspiration to the young men of the nation who are here trained in the art of naval warfare.

The solemn evolutions of the funeral cortège, the impressive spectacle of the white clad jacksies, marines, and midshipmen as they stood a solid phalanx on the seawall and later surrounded in profound silence the crepe-draped tomb, the trembling words of praise and supplication of the black-robed chaplain before the bier on the threshold of the vault, the deposit of the body, the musket fire in volleys, the sounding of taps, all these were in keeping with the revered memory to which honor was done. The only words uttered during the entire transfer from ship to shore were the prayer of the chaplain just before the body was placed in the tomb.

THREATEN TO RESUME STRIKE

Chicago Teamsters Threaten to Renew Their Fight.

Employers Issue Ultimatum Which Does Not Meet With Strikers' Approval. General Strike of All Union Teamsters Threatened. Situation Critical.

Chicago, July 24.—At a mass meeting of employers this afternoon at which representatives of over 200 business houses were present, it was decided that no more teamsters who had been on the strike would be reinstated until all the unions have called off the strike. The action taken by the employers' association may result in giving a new lease of life to the teamsters' strike.

As soon as the stand taken by the employers had been made known to the unions, a meeting of the teamsters' joint council was called for tomorrow night to consider ways and means of renewing the fight, should such a course be decided upon. The teamsters are in a belligerent mood tonight and threats are made that unless the employers recede there will be a general strike of all union teamsters in Chicago. This will mean the calling out of 35,000 men, whereas but 5,000 were involved in the recent strike.

sponse to numerous requests for information from Parish health officers to prepare and send out a detailed statement of the situation. This will include the official statement that up to date there has been seventeen cases of low fever and six deaths. Quarantine regulations suggested by a meeting of citizens, requiring six days' detention to all vessels from ports liable to yellow fever were adopted after a very heated discussion.
